## Partner with us

Partnering with AIJA as a sponsor provides the best networking opportunities in a relaxed business environment. Our association has a portfolio of events, conferences and webinars, as well as a dedicated network of young legal professionals in more than 100 countries and a history of more than 60 years dedicated to supporting the development of the young legal profession.

- **Proximity.** As an association we value 1-to-1 connections, therefore we design our events to help you develop quality business relationships by ensuring all sessions, exhibitions and breaks happen in the same venue. This facilitates the direct communication with potential customers in one place. We make networking easy with our smaller events attracting around 150 participants and our larger events hosting around 700 plus attendees. This creates an environment where strong connections can form in a comfortable setting.
- **International exposure.** As a sponsor, you meet and network with like-minded professionals that value growth, innovation, and new technologies for their own law firms as well as their clients.
- **Direct participation.** Advertising with AIJA supports the efforts undertaken by the association to provide quality education, training and scholarship programmes to its members and young lawyers in the broader legal community. It's a great opportunity to connect with professionals looking for expertise and the latest trends in your field.

## What sponsors say about us...
